DUMB CAT®

ANTI-MARKING & CAT SPRAY REMOVER

WE LOVE OUR CATS, BUT WHEN THEY STOP USING THE LITTER BOX & HAVE URINE MESSES IT'S TIME FOR SERIOUS ACTION. NO PRODUCT WORKS FASTER TO GET CATS BACK TO USING THE LITTER BOX & REMOVE MESSES FROM URINE, VOMIT, HAIR BALLS, FECES, MARKING SCENTS AND CAT SPRAY.

THIS IS THE ONLY PRODUCT THAT CAN REMOVE THE INVISIBLE STICKY MUCOUS & PHEROMONES THAT REMAIN AFTER URINATION OR SPRAYING. PERMANENTLY REMOVES NEW OR OLD SCENT & URINE ODORS LEFT BEHIND EVEN AFTER CLEANUP WITH OTHER STAIN AND ODOR PRODUCTS.

SATISFACTION GUARANTEED
OR YOUR MONEY BACK

128 fl. oz (3.785 liters)

SAFE AROUND PEOPLE AND PETS • NON-TOXIC & BIODEGRADABLE FORMULA

FELINE RETRAINING AID

INVISIBLE URINE TREATMENT: Find invisible urine or cat spray with a Poop-off Pet Urine Locator black light. Use it over all areas where the cat has access. Saturate area, lift or inject Dumb Cat liquid into carpet to get product directly to the odor source. Allow 2-10 days from initial application for all markings, urine crystals or cat spray to break down into a non-marking state. Do not use other cleaners while using dumb cat. Large quantities of dried urine may take a second treatment. Be patient! No product will remove cat urine and marking scents instantly.

VISUAL SOILED AREAS: Remove any visual mess. pour, spray or squirt a good amount Dumb Cat directly over the spot. Allow to remain 4 hours or longer to permanently remove any mess that has attached to substrate. Clean any residue with clean wet towel or paper wipe. For marking & urine mess inside objects, apply enough liquid to reach the urine, and do not wipe up. Allow to air dry. Safe to use on all types of flooring. Dumb Cat works great on upholstery, mattresses, floors, inside vehicles and more where accidents occur. Test the fabric for color fastness before using. If the material is "wet cleanable", simply spray liquid on a clean towel and wipe the towel in the direction of the nap over the soiled area.

Dumb Cat contains no acids, caustics, or solvents; it is composed of billions of specially-bred enzyme/bacterial cultures that actually attack and break down the protein molecules of cat spray, urine, vomit, hair balls and feces. No other product works to remove permanently the unique scent cats leave to find their territorial spot or mark their territory. Unless the sticky mucous scent is removed, cats will return to this familiar marking scent to relieve themselves.

Contains: filtered water, concentrated active enzymes, detergent, proprietary penetrate & fragrance
