Boats, Sump-Pumps, Wet Wells,
Grease Traps, Trash Units and
MORE!**

BACTERIAL/ENZYME FORMULA

**Non-toxic & Biodegradable
Formaldehyde Free**

32 oz (946 ML.)

DIRECTIONS:

GENERAL ODOR CONTROL: To eliminate odor caused by vomit, spoiled foods, decomposed animals, animal waste in areas as garbage cans, waste receptacles, locker rooms, restrooms, etc. Spray product directly on malodor and allow the bacterial action to digest the material while the pleasant fragrance immediately neutralizes the odor.

Grease Traps: For traps less than 20 cubic feet capacity, add 8-16 oz. Of product daily, by pouring in a sink or pipeline closet to the trap. This should be done at night or when the traps are used the least. After adding, flush down with a cup of lukewarm water. For grease traps larger than 20 cubic feet, add 16-20 oz daily using the same procedure.

Porta-Toilets: Add up to 1/4 gallon directly and cover the solids with water to aid digestion. Each time toilet is pumped, start treatment again with 1/4 gallon of product.

Septic Tanks: Add 1 pint per 25 cubic feet capacity for the initial treatment. Thereafter, use 8 oz. Per week. Pour directly into toilet and flush. If septic tank is clogged and odorous, add 16 oz to one gallon of product directly to the tank through the manhole.

Recreational Vehicles & Boats: Add 2-4 oz. per tank application as needed. For use at a dump station, use 1/4 gallon per 25 gallons of tank capacity. Then use 1/2 pint per week for maintenance.

Life's Great Products

LLC

Contains: Water, concentrated Bacterial/Enzymes, surfactant, proprietary penetrates and fragrance.
